

## LAKE LOVES BEAUTIFUL HOMES

## Express Yourself

It all begins with a sense of sanctuary and personal expression.

Marshall Morgan Erb Design takes pride in creating unique, personalized environments for its clientele. From historically accurate renovations to contemporary new spaces and buildings, every project is a reflection of the client's taste and lifestyle. No detail is too small, and every modern comfort is considered.

To achieve this, Marshall and his team work directly with clients to develop environments that create sanctuary and allow clients to express themselves through their interiors. Whether the project is residential or commercial, new construction or a remodel, the design process is thorough, inspired and innovative.

Functionality and livability, of course, are also major factors, not only in everyday living but also for special occasions. Many of Erb's clients are perpetual party-throwers, those who love to entertain, from large family gatherings to elaborate dinner parties. Which means the firm is also accustomed to designing functional spaces that meet a gamut of social needs, whether it be casual or formal, business or pleasure.

With a background in building and an expert eye for design, Marshall Erb is an Illinois Licensed Interior Designer with a degree in Architecture from the Illinois Institute of Technology. In each project, he incorporates his architectural background with a vast knowledge of furniture, antiques, artwork, textiles and period detail. The results are original, creative, lasting environments.

The top-notch firm has a decade-long track record of producing refined, beautiful and practical interiors nationwide. Areas of specialty include new construction interior architectural design, whole-house renovation, millwork and cabinetry, kitchen and bath design, custom furniture design, complete interior furnishing and decoration, whole-house lighting design, artwork selection, as well as commercial office interiors.

Marshall Morgan Erb Design  
focuses on your style and your serenity  
to develop one-of-a-kind spaces.
